Two-story house walking off down Fifth street this a. m. didn't find any flippers disputing its right of way.
Clown carrying a banana-cream banana stick around the tent placarded "Yes" scored a hit at the circus.
Dialogue heard on street—"The 'o' is silent as in cake. There's no 'o' in cake!" "Sure there is, sponge cake."
Last rally to raise \$1,013.50, needed to complete Port Arthur's \$3,000 Japanese disaster relief quota, on this afternoon.
Legion show "Dixie Revue of '23" plays its second night tonight in the Elks theater. It'll also be shown here Saturday night.
J. O. Herpin, city engineer, avers some wag locked the door opening into his main office today and he had to go through the hall and come around.
Today's Hardest Job: Sprinkling small gravel over the freshly tarred surface of the awning on the new Tyrrell building on Fifth this p. m.
Car missing? Maybe it's among some of the wrecks anchored in the police's port of missing autos behind the city hall, Chief of Police Covington suggests.
Fire Marshal J. B. Cox crumpled on green award in Fire Chief Clyde LaRosa's front yard this a. m. to watch the Central fire station's pet rooster eat coconut candy.

RICH BRIDE OF YEAR POISONED?

Toxicologists Make Examination of Body

ILL TWO WEEKS

Sensational Disclosures Now Hinge on Results, Claim

WHITE PLAINS, N. Y., Sept. 28.—Toxicologists are making an examination today to determine whether Mrs. Charles Webb, daughter of S. Jennings Gorman, millionaire, was poisoned, or died of natural causes.

Mrs. Webb, a bride of less than a year, died at the Westchester-Biltmore Country Club at Rye, N. Y., last Tuesday night.

If autopsy reveals poisoning sensational disclosures are being hinted. Dr. William Meyer, the attending physician, asked Coroner Fitzgerald to make an examination, prior to the signing of a death certificate.

Double As Cause
The test is being made because there was doubt as to whether Mrs. Webb died of a natural death, the coroner said today.

Charles Webb, husband of the dead woman, was at the bedside when she died as were Mr. and Mrs. Hunter. Webb said today that his wife had suffered from pneumonia and that her kidneys were affected.

Managed Own Estate
Webb is a broker, a Yale graduate and at the present time he is residing at the Yale Club.

His wife was known in the financial district as a capable business woman, qualified to manage her own estate which she inherited largely from her grandfather, Edmund F. N. Smith. It consisted principally of Manhattan real estate. She had an office on Madison avenue, with her name on the door.

The Webbs had been living at the Westchester-Biltmore Club for about a month when Mrs. Webb was taken ill. They were not members but had guest cards. The illness lasted for about two weeks before death came.

GERMANY FEARS REVOLT IS NEAR

Military Rule Is Cause of Apprehension

DISSOLUTION IN AIR

Bavaria Dictator Seeks to Defeat Monarchist Coup

BERLIN, Sept. 28.—Germany today was still jumpy and nervous, fearing a revolution around the corner.

Following yesterday's startling developments, in which the Reich government declared rigid martial law throughout the nation to offset a similar declaration in Bavaria, the population lived in momentary expectation of an outbreak.

Apprehensive of Military
Military rule, if anything, tended to heighten the popular apprehension.

The people seemed to think that the terms of dissolution, which has lurked in the back of many German minds ever since the revolution which followed the armistice, was about to be realized.

WALTON TO STOP OCT. 2 ELECTION FOR RECALL

MEANTIME ASKS FOR REHEARING

Supreme Court Had Ruled Legal

TO FILE MOTION TODAY

Governor Starts Forces to Prevent Ballot

OKLAHOMA CITY, Sept. 28.—Governor J. C. Walton today ordered George Short, attorney general, to file a motion for rehearing in the state supreme court on the legality of the special election called for October 2. The high court sent word to Short he would have until 1:30 p. m. today to file the motion.

Legal, Says High Court
"I'll file the motion," the attorney general said. "This case includes all the measures of the special election call and I don't know the status of the special sessions bill."

Following the decision of the supreme court yesterday afternoon that the election call was legal, Walton started all forces he had to prevent the special sessions bill coming to a vote.

It is reported on good authority that the governor will stop the election rather than let the bill get on the halls.

Ames No Statement
W. C. Ames, secretary of the state election board, stated he might be able to get supplies to all the counties if the case was settled by Saturday morning.

The governor today refused to meet newsmen and an official statement had been made by him since the court made a decision on the legality of the election.

Martial Law Extended
Members of the legislature who attempted unsuccessfully to assemble on Wednesday departed for their homes today and will await call from their leaders.

The governor extended the enforcement of drastic martial law to Murray county on appeal from residents of Sulphur, a village of that county.

The October 2 election, opposed by the Walton forces, was to take up several other important questions of statewide interest and an exceptionally heavy vote was forecast. Other matters on the ballot include payment of a soldier bonus amounting to \$20,000,000 and a proposal to make good losses by depositors in banks which have closed their doors.

Injunction Hearing Tuesday
Arguments on the injunction petition will be heard by Judge James L. Phelps in district court Tuesday. He may hand down a decision within a short time after the arguments are completed so that the matter can be hurried to the supreme court.

In the meantime an agreement was reached among leaders of the opposing factions that no attempt would be made by the insurgent legislators to hold a "crump" session. Sixty-seven members of the house signed the petition for the suit.

Law to Check Up City Removals Is Discussed
Action on a proposed ordinance requiring baggage and transfer companies of Port Arthur to furnish information relative to handling and moving of furniture or baggage either in town or for out of town parties, will be deferred until the Retail Merchants' association goes over the plans.

Discussion of the proposed ordinance came before the city commission in its meeting Thursday, but no definite action was taken, pending City Attorney Vernon Wisner's conference with the officials of the merchants' organization.

DRAGS GUN THROUGH FENCE, HUNTER KILLED
WACO, Sept. 28.—The body of John S. Wilcox, 25, was found beside a wire fence near the city limits here last night.

A shotgun, which had been discharged, was found by his side, and it is believed Wilcox was by himself. He was thought Wilcox had been hunting and the weapon exploded as he was dragging it through the fence.

Blacks Fear Race War, Flew Carolina Town
SPRING PINE, N. C., Sept. 28.—Seventy-five negroes had fled from this community today in fear of a racial outbreak. The blacks were warned to leave town within 24 hours following an attack made on an aged white woman by a negro Wednesday.

A posse of indignant citizens in search of the attacker, visited road camps employing colored labor and advised the negroes to leave.

Adjutant General Van H. Meets arrived here today to investigate the situation.

Wrong Baby Is Slain by Father of Girl Mother, is Theory of Police
DETROIT, Mich., Sept. 28.—A four-week-old baby, obtained by a young parent from a hospital here through a nurse's mistake, was murdered to hide the folly of an unwed mother, police believed today.

This fact, coupled with alleged discrepancies in Vlemminck's story that he gave the baby to a stranger from Pennsylvania to keep secret his daughter's predicament for which he said to have confessed he was responsible, strengthened the theory held by police that the Greater baby house or lies beneath the dark waters of Black Marsh Creek.

Ripe Wednesday, when it was discovered that the wrong baby had been given to Vlemminck, police have

conducted a state wide search for the stranger from Pennsylvania. Different stories by Vlemminck and his daughter resulted in their being held at police headquarters.

Police planned today to dig up the yard and drag the creek that flows past Vlemminck's house for traces of the Greater baby.

Ports of District Facing Stevedore Strike on Monday

Sought to Save Son Parents Held for Perjury

LOS ANGELES, Cal., Sept. 28.—Because they testified that A. F. Champion was in Port Arthur, Texas, on the day he is charged with murdering James E. Goldy during a "trap game" here, Frank Champion and his wife, parents of the defendant, and Vera Hughes, his cousin, are held in jail on perjury charges here today.

Champion's murder trial progressed today with the defense attacking its arguments. The prosecution caused the arrest of the three witnesses after a cell mate of Champion was said to have informed them that the accused man said he was going to "frame a Port Arthur ally."

A meeting of the Sabine district longshoremen is called for Sunday at Beaumont when definite decision to strike or to continue to work ships in the district ports will be made by members of the stevedores' union, a contracting stevedore said today.

This contractor added that in his opinion a walk out Monday will be ordered at this Sunday meeting.

In the event the strike is called for Monday, three ships now in Port Arthur loading lumber would be tied up, and eight ships due in this port before Oct. 15 to take case oil and miscellaneous freight also would very probably be affected.

Port Arthur stevedores' union, which is now loading lumber at the cotton docks are the schooner Fearless, brig Geneva and bark Amazon.

Ask 10c More an Hour
Coastwise shipping out of Port Arthur, such as is handled by the Transmarine corporation steamships, would not be affected by the longshoremen's strike, their demands for increases in pay applying only to work of loading steamships destined for foreign ports, or unloading cargo arriving from foreign ports, according to contracting stevedores.

Rates of pay now in effect for longshoremen here are 65 cents an hour for straight time, double pay for Sunday work and time-and-a-half for overtime and holidays worked, the contractor said. Under the demands of the longshoremen, an increase of the straight time pay from 65 cents an hour to 80 cents, a Sunday rate of \$2 an hour and time and a half for overtime and holidays are provided for, according to the contractor.

Several Hundred Employed
Here in the Sabine district ports between 300 and 400 men employed as longshoremen by the four firms of contracting stevedores operating in the district would be out of work following the strike, marine officials estimated.

The contracting stevedores of the district are C. Flanagan and Sons; C. P. Pfeiffer and Company, both firms having headquarters in Port Arthur; Pickett Jones, of Beaumont, and Charley Austin of Orange.

UNIDENTIFIED MAN IS STRUCK BY AUTO
An unidentified pedestrian was struck by an automobile and slightly injured about 11 o'clock Thursday night at the corner of Procter street and Austin avenue. The injured man apparently stepped directly into the path of the approaching auto and was carried several feet on the radiator of the car before the driver could stop.

CIRCUS PASSES; FEW BURGLARIES
Only Two Reports Find Way To Police Blotter

For the first time in many seasons "circus day" came and passed without an abnormal number of burglary and pickpocket reports. Every available man of the police department under Chief Covington was on duty 16 hours yesterday in an effort to reduce the number of burglaries.

But two reports were made to police concerning burglaries, and a car was appropriated by joy riders but later returned. C. Reeves, 138 East Thirtieth street reported the theft of his Buick car, but it was later found abandoned on a side street.

R. H. Freedland's store, 1214 Houston avenue was entered and a small quantity of merchandise taken. A drug store at 2004 Thirtieth street was entered, but nothing taken.

Believe Hurricane Will Strike Georgia
HOUSTON, Sept. 28.—All danger that the hurricane sweeping in from the Bahamas will strike the Gulf coast was past today, according to advice to the local weather bureau.

The storm will strike the Georgia coast, it is believed. No effects of the storm will be felt along the Gulf.

Atlantic Gets 100 Cars Daily

Tank Expansion Program Gets Under Way

Material for doubling their oil storage and handling capacity is assembled by the Atlantic Refining company on its Port Arthur terminal, a few miles north of this city and actual expansion work is under way, it was learned in Port Arthur today.

Oil shipments running as high as 100 tank cars daily are being delivered to the Atlantic company's ship loading station here, the oil company principally from Powell field, near Coahuila, and other Texas and Oklahoma fields, according to an official in close touch with the Atlantic company's development work on their Port Arthur property.

Pipe Lines Extended
Facilities for handling the oil between the tank cars, the storage tanks and the ships also are being enlarged, pipe lines to the docks are extended and larger pumps put on to handle the oil, this official said. Four or five ships of the Atlantic Refining company's fleet are making regular trips to the Port Arthur terminals, loading out oil for delivery at the Atlantic's refinery terminals on the Atlantic seaboard.

Five More Ships
In addition to the regular Atlantic company ships, including the J. E. O'Neil, the Herbert L. Pratt, which arrived today and is loading at the Port Arthur terminals, the Bohemian Club, due in Port Arthur within a few days, and the Habina, the Atlantic has chartered by charter or purchase five ships to handle cargoes between Port Arthur and Philadelphia and Brunswick, Georgia.

Among these chartered ships is the Goodland, a Texas Company tanker now delivering a cargo at Boston to the Atlantic company's account, and which figured recently in a rumored S. O. S. call at sea.

25 MILES OF ROAD IS WASHED OUT
CASPER, Wyo., Sept. 28.—Flood waters sweeping Wyoming today washed out 25 miles of railroad track and put telephone lines out of commission throughout the state. Recent heavy cloudbursts caused the floods, according to L. E. Lysick, state highway engineer. Trains and wire communication with these towns was interrupted.

MAIL BOXES TO BE THEFT PROOF
Renters Must Provide Them Here, Says Dunn

Effective immediately, owners of apartment and rooming houses under construction or alteration will be required to build mail boxes for the delivery of mail which will render them "reasonably safe" from theft, Harry S. New, postmaster general of the United States, ordered today in instructions to Postmaster Dunn.

Because of the nationwide wave of petty thievery of mail and valuables from mail boxes in this class of dwellings, the New order was issued. Port Arthur has been comparatively free from such instances, it is understood.

According to the specifications, a box is to be at least 18 inches long and deep enough to accommodate the mail for the residents. A master key to the main box is to be furnished by the postal department, while the owner of the dwelling is to furnish the individual keys to the private mail boxes of the tenants.

Manufacturers engaged in making such receptacles are urged to submit their plans to the postmaster general for his okay.

FOREMAN MODERATOR OF BAPTIST SESSION
HOUSTON, Sept. 28.—A. D. Foreman, of Houston, today presided as moderator over the Union Baptist association covering several southeast Texas counties, following his reelection at the annual meeting of the association yesterday.

Several hundred ministers and laymen of the Southeastern Baptist churches attended the meeting.

SLIGHTLY COOLER
General decreases in temperature ranging from 2 to 6 degrees were noted over Texas last night while the same conditions prevailed along the South Atlantic seaboard.

He Defies Walton

Many Seriously Injured Near Casper, Wyo.

HURTLIED IN TORRENT

Engine and All but 2 Cars Tumbled Into River

By United Press.
CASPER, Wyo., Sept. 28.—Rescue of additional survivors today from wreckage of train number 30 on the Burlington railroad which plunged through a bridge 14 miles from here, cut the number of missing to twenty. There are probably dead in the opinion of C. A. McBride, assistant superintendent in charge of the rescue work.

Train Crew Alive
All members of the train crew, first believed lost, were found alive in the wreckage just out of reach of the swirling waters of the little mountain stream, swollen to a torrent by a cloudburst. All were seriously injured.

McBride's tabulation showed of the sixty-six passengers and six trainmen aboard, the following were saved:

Thirty-two passengers in the two rear sleepers which remained on the tracks.

Fourteen passengers who were in the two day coaches which tumbled into the creek. Most of these were seriously injured.

The train crew of six. These leaves twenty still unaccounted for.

Engine Nose Dives
The bridge crumpled beneath the engine. As the engine nosed into the deep water and mud, the other cars went over it in leap frog fashion. One chair car and one Pullman were only partly submerged, and passengers who escaped crawled to the upper ends in terrified groups. Only two coaches of the seven car train failed to go into the water.

Investigation with the coming of daylight showed that the water rushing through the gully cut had weakened the approach to the bridge until only a few pounds weight could have been sustained.

Quickdraw
The upper end of earth held until the engine hit the death pit, when it gave way like tissue paper.

A treacherous bed of silt and quicksand is usually left in the wake of such cloudbursts, and it may be many hours before a foundation can be laid by which the wreckage trains with which to pull the wreckage cars from the creek bed. Sometimes automobiles caught in similar circumstances are completely buried in the quicksand and this may be the fate of the first cars to tumble into the water.

ADVENTURES OF THE TWINS

"Oh, phaw!" panted Nancy, sitting down on a little grass hammock.

Clatter, clatter, clatter! Chipper, chip! Chipper, chip! It was Nancy and Nick and Mister Gallop on their pines after Piggy Badger. Piggy had a bad habit, a very bad habit, of calling his neighbors, which was not only impudent, but unkind as well. He had a loose, rosy mouth that could dig up "most anything." And an appetite that could enjoy eating "most anything." So no wonder the plains folk and mountain folk up and told on him. Mister Gallop had clicked his tongue on his teeth and said how awful it was and that he'd attend to Piggy at once. And as soon as the committee had gone, the three of them started off. Pretty soon they came to the place where Piggy lived. No one was positive just where it was, but it was known that he had his home under the ground. "Just look for an extra large doorway, children," said Mister Gallop, "for Piggy's a fat fellow, and dy, and most likely, he has hidden his house under one of these grass patches or bits of sage brush, or a rock, maybe." Well, they looked and they looked and they looked, all three of them, but although they found a whole town of prairie dog houses, and a whole hill of ant-houses as big as a washing tub, and Mrs. Meadow Lark's nest in a low bush, and Johnny Rabbit's house under the willow tangle near the creek, and Mister Burrowing Owl's hole under the soil, early a sign did they see old Piggy Wiggy Badger and his sharp nose. They even got off their pines and looked. But it didn't do a bit of good. And they got as tired as anything. "Oh, phaw!" panted Nancy, sitting down on a little hill of grass. Just a little low hill about as big as a hamper. Mister Gallop lit his pipe so he could think better, and put his foot on the grass hill beside Nancy. His foot with a big boot and a sharp spur on it! Suddenly the hill gave a jump and yelled out, "Ouch!" And it started to run like seventy, spilling Nancy off on the sand. And there was Piggy Badger as large as life. Mister Gallop grabbed his lasso and caught him in two seconds. And such a lecture as he got! But he promised to be good, so they let him go.

PROBE OF IRWIN CASE IS URGED

Gov. Walton Claims Petition By Citizens

By United Press

OKLAHOMA CITY, Sept. 28—A petition asking Governor J. C. Walton to investigate the mobbing and whipping of the Reverend M. J. Irwin on several occasions has been submitted by citizens of Lawton and Comanche counties, according to a statement handed out by the governor today.

The petition charges that a masked mob ordered the Rev. Irwin to leave the state and never mention the name of Jake L. Hannon again.

Alleged Misconduct

It states the Rev. Irwin was dragged, gagged and thrown into a ditch to die and that on another instance he was stripped and beaten and left on the roadside, thought to be dead.

The petition further states that "although Irwin appealed to local authorities to find and punish the criminals, no effort has been made on their part and the prevailing opinion is that instead of trying to suppress lawlessness there has been an effort to shield the law violators and encourage them in their hooded ranks."

It is set out that Rev. Irwin organized and built the First Presbyterian church at Lawton and had been its pastor for twenty-one years with a reputation for doing good in the community.

Preached Hannon Funeral

Rev. Irwin preached the sermon at the funeral of Jake Hannon, political leader slain by Clara Smith. He also was in church difficulties for performing a wedding ceremony in a bathing pool with principals garbed in bathing suits.

In commenting upon the situation Governor Walton, in a signed statement, says he is receiving many appeals from persons all over the state for protection against the Klan. He says "one of the un-American rules of the Klan, as shown by evidence taken in the military courts is that its subjects are forbidden to trade with aliens, that is, Klansmen must boycott merchants, professional men

and all others not members of the Klan."

The statement is concluded with the following statement:

"Thus it is seen from the petition of the Rev. Irwin and many other appeals made to me from all classes and religious sects that there is only one paramount issue in Oklahoma, and that is—will this state be ruled by the invisible empire, or the duly constituted authorities of the sovereign state of Oklahoma."

Coolidge Ask Governors To Confer With Him

MADISON, Wis., Sept. 28—President Coolidge today requested the governors who plan to attend a conference of governors at West Baden, Ind., Oct. 17 to meet with him in Washington immediately after the conclusion of their meeting.

Miss E. Hiley, secretary of the West Baden conference, stated that the governors would be in Washington Oct. 29.

While the telegram from the White House did not state the nature of the Washington conference, it was assumed prohibition enforcement would be discussed.

To Report Texas Oil Concerns Failing to Pay Production Tax

AUSTIN, Sept. 28—Certification to the attorney general of the names of all Texas oil concerns who have not yet paid the balance of the two per cent gross production tax for the quarter ending July 1, will be made by the state comptroller with the close of this month. Instructions that suits be brought to accompany the certification it was announced.

Under a ruling of the attorney general all companies must pay this increase for the entire quarter. Some of the oil companies have signified their intention of contesting the attorney general's ruling. A check for \$25,000 was received at the comptroller's office yesterday from one of the larger companies of the state.

Pena castle was the summer palace of the king of Portugal, and from which he fled in 1910.

—in choosing Fall Clothes

It is wise to keep both Fall and Winter in mind, that is, you'll want clothes that hold to their original perfection of appearance, clothes that do not pass off with the season.

Here you are assured of finest of imported and domestic fabrics, carefully tailored over new models. Depend on Imhoff's for your new suit.

Society Brand Clothes \$47.50 to \$60
Other Good Clothes \$30 to \$45

MARKETS

NEW YORK, Sept. 24.—Technical considerations were the principal factors in today's stock market. Short covering and overbought conditions in the market had started a correcting movement at the previous close which was temporarily interrupted by the announcement of a stock exchange failure.

But this house had short as well as long commitments. After its long holdings had absorbed short covering for this amount in stocks like Delaware and United States Steel, the market was again taken place in substantial rallies taking place in Standard Oil, General Motors, American Can and other industrial leaders.

The market closed lower.

Closing prices:

U. S. Steel 34 1/2, off 1/2.
General Motors 27 1/2, off 1/2.
Standard Oil 24 1/2, off 1/2.
U. S. Steel 34 1/2, off 1/2.
General Motors 27 1/2, off 1/2.
Standard Oil 24 1/2, off 1/2.

Empire Arrow, Sept. 27.
Empire Arrow, Sept. 30.
Empire Arrow, Sept. 30.
Empire Arrow, Sept. 30.
Empire Arrow, Sept. 30.

BAROMETER READING
The corrected reading of the barometer (reduced to sea level) at the U. S. weather bureau office in Port Arthur, Texas, on Friday, Sept. 28, at 7 a. m. was 30.01 inches. This closely approximates 762.5 millimeters.

MARINE MISCELLANEOUS

Ripley Gets Two Ships
Allocation of two shipping board ships, the Cleopatra C. Moore, 9400 tons, tied up in Norfolk, and the West Canak, 8800-ton ship at New York, to the Daniel Ripley company, is announced. The ships will be used by the shipping concern to protect its sailings on the continental routes the latter part of October. It is reported here today.

Dredge Again at Work
With the resumption of dredging operations on the slip for the Eastern Texas Electric company in the ship canal at the city docks, notices to Port Arthur shipping interests asking that care be exercised by vessels passing the dredge boat have been given by the Harbor company, contractors for the electric company's slip. The dredge has just returned to the job from an Orange shipyard where repairs were made to damages sustained when the tanker Dunham was rammed and sank it several weeks ago.

Jeannette Cancelled
The steamship Jeannette is substituted for the Jeannette, according to word reaching Port Arthur today. The ship, which was scheduled to leave for Europe about Oct. 1, according to the present schedule announced here today.

Tanker Is Postponed
The tank ship Samuel L. Fuller, scheduled to arrive in Port Arthur about Oct. 6, will not make this port at the time announced. The sailing of the Fuller out of Port Arthur having been indefinitely postponed.

Schooner Sale Delayed
Error in the publication of the sale notices for the schooner W. J. Patterson, which has been lying at the Mexican docks since about June 22, where she was towed after fire damaged her and the cargo of lumber, delayed the sale of the ship Thursday by U. S. Marshal Horace Blum, chief Deputy clerk of the federal court at Beaumont, said. The sale of the schooner and as much of her cargo as was saved, valued all told at about \$18,000, was ordered by the court to satisfy the claims of the Sabine Ice and Towing company, whose

Actor And Wife to Live Apart To Prove Their Love is Ideal

Servant Problem Factor in Division of Chattels and Children—Will Dine Together Daily

NEW YORK, Sept. 28.—After many years of married life, the tearing of a family of three, their mutual bitterness pointed out as a model in theatrical circles, Richard Bennett, actor, and his wife have agreed to harmonious "living apart."

The family will be equally divided. Constance, 18, will reside in a small apartment with her mother, Barbara, 17, will live with Bennett in another small apartment four blocks away. Joan, 13, will be sent to St. Margaret's school, Waterbury, Conn.

"The servant problem in keeping up our large apartment was unsolvable. I decided the best thing to do was to divide the family," said Bennett.

Today the Bennetts were packing their effects in their luxurious Park avenue apartment preparatory to moving.

ing Asher J. Hudson fought the flames aboard the schooner when she lay at anchor off the jetty, and then towed her to the docks in Port Arthur. Judge W. Lee Estes is expected to reset the sale date for the Patterson.

Sutranco Cleans Pensacola
The Transmarine corporation's steamship Sutranco sails this afternoon for Port Arthur from Pensacola, and is expected to arrive here late Sunday, according to advices reaching James L. Boyd, manager of the Port Arthur Transmarine terminal today. Captain Harry Johnson is in command of the Sutranco, instead of Captain Fred Pettell, as was thought, it is reported.

MASS MEETING TO BATTLE VICE

Dallas Pastors Plan Drive Against Petting Parties

DALLAS, Texas, Sept. 28.—Plans are being perfected to hold a general mass meeting Sunday night, September 30, of Dallas Methodists, to protest against the lawlessness existing throughout the city. Rev. Hubert D. Knickerbocker, presiding elder of the Dallas district, announced.

According to plans, no services will be held Sunday evening in any of the Methodist churches here, so that members of the churches can attend the mass meeting.

Special references will be made to bootlegging, auto petting parties, wild house parties on public highways, and drinking parties staged by prominent citizens of Dallas in their homes. Pastors of several of the churches are reported to have gathered information that, if made public, would startle society to its foundations.

MOTHER'S ASHES TO REST ON SOLDIER SON'S GRAVE

NEW YORK, Sept. 28.—By special permission of the United States government, the ashes of a broken-hearted mother will be laid in the grave of her soldier son in the Soldier's National cemetery, Cypress Hills, Brooklyn.

Fernando L. Biere, who had seen service with the United States marines 26 years, had boasted to her that he bore a charmed life. Although he never had been wounded, he was killed by a bullet in France. He sank slowly and died a short time ago.

His mother, Mrs. Marie L. Biere, died Wednesday in Poughkeepsie. After Fernando's death she could only grieve and plan for her own and the fulfillment of her own wish, that she might be laid beside him.

Permission quickly was granted by the war department. The rule usually that wives of commissioned officers may be buried in the national cemeteries in graves beside their husbands and the bodies of wives of enlisted men may be buried in the same grave. The rule does not apply to mothers, but exceptions have been made. Mrs. Biere's body will be cremated, the grave of her son will be opened, and her ashes placed beside him.

According to the report made this morning by Odd Fellow officials, burglars broke into the hall and carried away the skeleton which had been used for initiations. A number of red uniforms were taken also.

Yeggs Take Skeletons From I. O. O. F. Lodge
ST. LOUIS, Sept. 28.—Police today were searching for a skeleton stolen some time during the night from the Odd Fellows' hall here.

CONCRETE 'PLUGGED' LIKE WATERMELON
AKRON, Sept. 28.—Patented after the old custom of "plugging" a watermelon before paying for it, a machine has been devised to remove a plug from concrete work. Such a machine has been purchased by the city to make a check on the contractors doing public work and to give the department heads a final check on the inspectors. It has been dubbed by the city officials as a "honesty machine," for it shows up the quality of the concrete work.

CANE GROWERS WILL MEET IN EAST TEXAS

LUFKIN, Texas, Sept. 28.—The directors of the Texas Farm Bureau Ribbon Cane Growers' association will

assemble for an executive meeting in Lufkin on Oct. 2, announces President P. J. Dunn of Lufkin. At the same time ribbon cane growers of East Texas will hold a meeting.

Saturday
Peoples: "Daughters of the Rich," starring Miriam Cooper and others.
Strand: Musical comedy: "The Girl Who Came Back" and picture, "Temptation."
Garden Airplane: "St. Elmo," presented by Ferguson Brothers Stock Co.
Pearce: Walter Hiers, starred in "Witty Cents an Hour."
Green Tree: "The Girl Who Came Back."

"SIXTY CENTS AN HOUR"
An advance notice says: "Walter Hiers, star of the Paramount comedy, 'Sixty Cents an Hour,' which opens at the Pearce Theatre today, is a genuine comedian, as the fine reception accorded the picture amply proves."

This comedy is a bright, thorough and surprising story, a story of a unique finish. The story is that of a soda-jerk, a fat young man, working for a slim salary. One of Jimmy Kirk's ambitions is to take Maude Smith, daughter of the bank president of Zavina, out for an automobile ride. When he hires a touring car at the rate of sixty cents an hour, the whole family pile in, and Jimmy's day is spoiled. His second attempt, however, is much more successful, for this time he gets a roadster and rides off in triumph.
But a dark plot is brewing: crooks are on his trail for under the seat of the very car in which he is speeding is a goodly quantity of silver coin, lost from the raided Zavina bank, and they are determined to get it. But this is a far harder task than they find themselves bound to undertake, and they are determined to get it. Jimmy, who returns to tell the police of his find. Then the fun begins. This comedy has a most amusing climax.

Jacqueline Logan, in the role of Maude Smith, is more charming than ever.

Real Real Realism
Speaking of realism during the filming of "The Daughters of the Rich," now at the Peoples theatre, an accident served as a stimulant to an important scene in the play. Just when the players were about to "register" hearing a shot, a real shot came from the street. The players who were unprepared for the real thing, came up and some of the female members of the company gave out a piercing scream that disrupted the calm of everybody within earshot with the exception of Karl Struss, the cameraman, who simply kept on grinding. In the projection room the following day the expression of terror and amazement that was wanted was shown on the screen to the happy content of Director Gannier. The shot turned out to be from Stuart Holmes' confounded five-ver.

"Meanest Man in the World"
There have been many plays written which deal with the small town and its problems and prejudices. But there has never been but one "The Meanest Man in the World." This George M. Cohan classic, which is to be presented by the Bobby Warren Stock company at the Elks theatre the first half of next week, ranks with the finest theatrical offerings that the American stage has known in a long time.

In the young lawyer who is a failure because he tempests his efforts with a bit of humanity, and the girl who is struggling to make a success of a little store in a still smaller half dead town, Emmitt Boring and Miss Lee Harris, the popular leading man and woman of the Bobby Warren Stock company, have exceptional opportunities to display their skill. The first act of "The Meanest Man in the World" is perhaps an hour of the greatest comedy of American

With Bobby Warren

EMMITT BORING
Leading man, with Bobby Warren Stock company, which opens at the Elks theatre Sunday in "The Meanest Man in the World."

life that has ever been produced. It is the sort of fun that you can't get away from no matter what your mood happens to be. Before Clarke, the lawyer, has been with you five minutes you're going to be laughing at him and loving him at the same time. You'll bond at the vicissitudes and quaint humor of Mike the village shoemaker who hides a deal of philosophy behind his rough exterior. You'll want to see Leggett, the head of the village close-fist, choked before the second act is over. And they are only a few of the people you're going to become acquainted with at the Elks theatre the first half of next week.

Because of the widespread reputation of "The Meanest Man in the World," Manager Goss and Williams are confident that the demand for tickets will be unprecedented and suggest that reservations be made as early as possible.

GARDEN AIRPLANE
Lovers of the spoken drama are coming into their own in Port Arthur and apparently are appreciative of the opportunity offered them by the Baker & Logan Garden Airplane, where the Ferguson Brothers Stock company appears nightly, to again enjoy their favorite recreation. Judging from the crowds that nightly fill the Airplane auditorium, Port Arthur folk thoroughly enjoy the spice of variety in their moments of relaxation.

Everybody, too, enjoys now and then the novelty of a glimpse into the past. This is the secret of the Airplane's instant popularity in Port Arthur. Added, of course, to the excellent company the Ferguson's have gathered about them and the perfection of stage and electrical equipment which enables them to present the most elaborate of effects as attractively and efficiently as the most pretentious stage.

"St. Elmo," the current bill, is proving one of the most popular and pleasing numbers the company has served up to its patrons during the past two weeks, and according to those who have seen it the cast is making a better impression than in its presentation of "The Ku Klux Klan," the preceding bill.

"St. Elmo" will be shown for the third time tonight and repeated for the last time Saturday night.

A man often tells a girl he would die for her but that is because he never has tried it.
A bachelor is a man who wears two pairs of socks at the same time to hide the holes.

BLACKMAIL OF STARS, CHARGE

Complaints by Gloria Swanson's Mother Probed

LOS ANGELES, Sept. 20.—The district attorney's office investigated today what is believed to be a plot to blackmail a number of prominent movie stars, including Marshall Neilan and Gloria Swanson.

While no names involved were made public, District Attorney Am Keys admitted that such a probe was under way. It is said to be the result of complaints made by Marshall Neilan and Mrs. Adeline L. Burns, mother of Gloria Swanson, that a former employee of Mrs. Burns had tried to extort money from Gloria and from Neilan on the threat to make public charges that they were intimate and had also demanded that Neilan give a large salary job in pictures.

KISSING IN AUTO IS NOT DISORDERLY, SAYS COURT

WAUKEGAN, Ill., Sept. 20.—Kissing does not constitute disorderly conduct, Magistrate John D. Doyle ruled today when he discharged Arthur Johnson, Jr., of North Chicago, and a Lake Forest girl.

They were arrested at Lake Bluff by Policeman Harold Bean.

"What were they doing?" asked the magistrate.

"Kissing and driving an automobile at the same time," answered the policeman briefly.

"Kissing isn't disorderly conduct," Case dismissed," ruled the magistrate.

Texan dies when horse falls on him

SAN ANGELO, Sept. 20.—Pinned beneath his horse when the animal lunged his foot on a megalite root, John Hunter, 19 years old, employee of the Irion county ranch of J. D. Sugg of San Angelo, is dead at the home of his parents, Mr. and Mrs. A. A. Hunter, in Mertzon.

Hunter's chest and abdomen were crushed. Internal hemorrhages resulted and he died only five hours. Burial was made this afternoon at Sherwood.

Besides the parents, a brother, Albert, and sister, Mrs. Irene Buckley, survive.

OIL AND GAS RULES ATTACKED IN COURT

AUSTIN, Texas, Sept. 20.—Application for mandatory injunction against the state railroad commission seeking to compel it to issue certification of authority authorizing the connection of certain oil wells in the Powell field with pipe lines, was filed in district court here today by James P. Straugh, receiver for the J. O. Galloway Oil interests.

The petition attacks the validity of certain rules of the state oil and gas division. Hearing on the application was set for October 3.

MERCHANTS PROTEST AGAINST PARK RULE

DALLAS, Sept. 20.—Merchants of Dallas went on the warpath, sending a group to the office of the tax and police commissioners to protest against the city ordinance banning parking of automobiles along Main, Elm and Commerce streets between the hours of 4:30 and 6:15 p. m.

The merchants who saw the commission—a committee from the Retail Merchants' association—were E. B. Thomas, C. L. Sanger, Gus Rans, Arthur A. Everett, J. D. Van Winkle, Harold Volk, Melvin K. Hurst, Robert N. Wetkin, Herman Phillips, W. R. Wilming, Z. E. Marvin and W. H. Wray.

GOVERNMENT SELLS LIQUOR IN MANITOBA

WINNIPEG, Man., Sept. 20.—Tourists as well as residents of Manitoba will be entitled to obtain permits for purchase of "hard" liquor, which went on sale in this province yesterday under government supervision.

The government commission will deliver all purchases to the permit holders at their residence. In the case of tourists the liquor they buy will be sent to their temporary dwelling places, it was announced.

A minimum of one quart and a maximum of one case may be obtained.

666 Cures Malaria, Chills and Fever, Dengue or Bilious Fever.

TIRED FEELING SURE SIGN OF TORPID LIVER

Touch Up Liver Tonight With Pepsinated Calomel—Tired Feeling and Biliousness Will Be Gone By Morning.

Nothing kicks back so quickly as a disordered liver. Pepsinated Calomel will give quick relief by thoroughly stimulating both the liver and kidneys, thus eliminating the poisons that are doing so much damage.

Calomel is recognized as practically the only medicine that will reach the liver. Others may relieve constipation, but they fail to touch the real cause of the trouble. However, ordinary calomel is so drastic in its action that many have deprived themselves of its liver cleansing power until they became acquainted with Pepsinated Calomel, which is not ordinary calomel. Because of its fine English Calomel it cleanses the liver thoroughly with no discomfort. It cannot nauseate or grip.

Hart Drug Company and all reliable druggists recommend and guarantee Pepsinated Calomel to bring relief between sundown and sunrise or your money refunded. Try it—we guarantee you'll feel better tomorrow. (Adv.)

THE NEWS' SOCIAL AND HOUSEHOLD PAGE

POCKETS—LITTLE, BIG, REAL OR FAKE—MAKE THE SMART FALL FROCK

BY their pockets ye shall know the fall styles. Pockets—little, big, real or fake—show pockets that are not real—real pockets that do not show. Such is the mode of today and the mode of Victorian days. Clever and new are the details of the new autumn dresses, and pockets are coming in for their share of popularity.

You may not remember it, but the old-time pocket was a very convenient contraption, with the opening cleverly hidden on one side of the seam of a voluminous gown or gown skirt. There was skill in the making of such pockets. They were made of cotton lining to give them strength and lined with silk to give them elegance, and then given an inch facing of the material of which the skirt was made, so that the pocket might be as inconspicuous as possible. Every frock had a pocket, but the opening remained invisible. These pockets were deep and grew wider with their depth. Not lumpy, round and vanity case, but pepper-pot frocks, a volume of Byron and a bottle of smelling salts were stowed away in these nineteenth-century substitutes for the present-day bag.

Some of the pockets are what the dressmaker calls "pocket effects." They haven't even a slit at the top, or if they have it is tucked shut so as to remove the temptation of poking use of it. Sometimes a corner of a gay handkerchief is thrust into one of these pockets, but then the handkerchief like the pocket is purely decorative.

One of the cleverest ideas in the use of pockets for autumn is to have two of them, one on the bodice and one right below on the skirt. This idea is carried out with embroidered, teardrop pockets in a blue serge frock. Some dressmakers have been most prodigal in the use of pockets. Skirts, wraps, coat frocks, all seem to have a pocket or two. Sometimes the "pocket" is simply a band of fur sewed where a pocket would normally be. That is all.

In the rivalry between the straight, neat frock and the frock of bouffant dimensions, which is still going on, the pocket plays an interesting role. If the wide full skirt of our grandmothers does eventually return, then, no doubt, the old-time pocket will return, too. So far it has not been evident, though in some of the new fur wraps a pocket with a vertical slash for an opening is placed at the right side.

This is not visible save when the right hand is thrust into it, the left hand being used to hold the fur wrap together at the front.

A novel but chic frock seen recently was of petunia velvet made with a belt in tulle form, with the hem turned up about a foot from the bottom to form huge pockets.

Another stunning frock was of navy velvet and was just style from every angle. It was richly embroidered down the front, in panel effect. The sleeves were long and tight fitting, and there were collar and cuffs of point lace. The skirt had a bustle bow in the back, was of moire silk. But the unusual feature of the frock was the top pockets from which fell graceful lines of drapery, which drew the skirt up sharply in the back, necessitating a smart under-skirt. Embroidery down the back was suggestive of bottom closing.

THE TACKY PARTY GIVEN by the Epworth League of the Port Arthur Community church Wednesday evening at the church was a most delightful affair and was a decided success.

The guests entered heartily into the spirit of the occasion and all attended in tucky costume. The evening was delightfully informal and a pleasant surprise was realized by the League treasury.

Harry Meyer took the prize as the "cutest girl" present. He was attired in a dress with a long flowing skirt and light waist and wore a small hat on which was fastened a large flower. Miss Fern Winfree captured the prize as the tuckiest girl and little Miss Ewall North was awarded the prize for the typical "Procter street flapper."

The League's desire to thank Harry Meyer, Leonard Hargrave and T. Cranberry for their donations of ice cream and soda pop, which was served as refreshments throughout the evening.

MISS CLEMENCE MIGUEZ OF 701 Sixth street has returned after a pleasant month's visit with friends and relatives in Lafayette, New Iberia, Abbeville, Bayne and other Louisiana points.

SAYS SHE SHOT K. K. K. MEMBER

COLETTVILLE, Ill., Sept. 23.—Declaring that a quartette of masked men attempted to intimidate her wife against residing in a Chester, Ill., house, today offered \$200 for the arrest of any of the men.

The men, according to Benjamin's story, appeared in front of her house on Monday morning. His wife, alone in the house, saw them leave an automobile, mask their faces and approach.

After seizing a rifle, she opened the door when they knocked.

"Do you intend to testify for the defense in the Gressing trial?" she asked her, referring to the \$10,000 abduction suit of Henry Gressing, St. Louis, against L. B. Jones, Chester, Ill.

"I'll tell the truth," she replied. "You won't go on the witness stand," the leader of the band said, according to Benjamin. "We're Ku Kluxers and we will kill you first."

Mrs. Benjamin leveled her rifle and fired. The speaker fell. She slammed the door and from a window saw the other men enter their leads to the house. Automobile authorities, after hearing Benjamin's story, have started a search in all hospitals as far as St. Louis, hoping to find the wounded leader.

TO START SUITS FOR COLLECTION OF TAXES

BEAUMONT, Texas, Sept. 23.—More than 200 suits against delinquent taxpayers in the South Park and Fourth school districts were filed here Friday morning by C. J. Jackson, assistant city attorney. The suits are for the 1921 and 1922 taxes. It is expected that more will be filed within the next few days bringing the total number to about 300.

MILITARY HOLDS 3 FOR CONTEMPT

Claim They Refused to Testify in Okla. Floggings

SHAWNEE, Okla., Sept. 23.—Honorable McKown and W. W. Price of Maud were arrested Thursday night on charges of contempt of court when they refused to testify before a military court investigating mob violence in Pottawatomie county. Both men are said to be prominent business men of Maud.

It is claimed that McKown is ex-acted envelope of the Klan at Maud. Both men were denied bail by L. C. Putnam, judge of the superior court. They were taken to the county jail at Tecumseh awaiting their trial.

The charges against the two men were filed by County Attorney Claude Hendon, who is cooperating with the military in the investigations.

The charges state that the two men refused to answer any of the questions asked them by the military investigators.

Close Franklin School Block for Hour Daily

Tenth street, for a block either side of the Franklin school, will be closed to traffic between the hours of 12 o'clock and 1 o'clock during school hours, in an effort to minimize the chances of accidents to school children.

American Pastors Treated With Contempt by British

Rev. Fortney of Port Neches, Back from Europe, Says Courtesy by Germans in Striking Contrast

An interesting account of his experiences among the various nations of Europe, Mr. Fortney in those countries, facts concerning the Baptist World's Conference in Stockholm, Sweden, and his disappointment at not being able to make a tour of the Holy Land were among some of the vivid pictures brought to the women of the First Baptist church yesterday by Rev. W. H. Fortney, pastor of the Baptist church of Port Neches, recently returned from Europe.

In speaking to the Women's Auxiliary yesterday at the all-day session at the church, Rev. Fortney told them of the World's Conference at Stockholm, where thirty-five countries were represented, in addition to representatives from the American Indians and African tribes. Speakers from every country appeared on the program, their talks being translated into English by interpreters. Rev. Fortney said that E. Y. Muller of the United States was elected president of the Baptist World's Alliance.

Persecution of Romanians

"One of the striking examples of the brotherliness of the German people was the address by a German speaker on the world war and reconstruction, which was enthusiastically applauded by the Englishmen in attendance," Rev. Fortney said. "Nothing but the grace of God could have made those Englishmen applaud the German."

In recounting his tour of Europe, Rev. Fortney told of the conditions of the European peoples and of the high prices prevailing everywhere. He said that in Roumania the Baptists were persecuted unmercifully, the Roumanians thinking they were Bolsheviks.

"The Americans are treated royally in Berlin and throughout Germany," Rev. Fortney said. "But hatred to the French and Belgians is everywhere in evidence. At all the hotels and places of gathering are signs bearing the words, 'No French or Belgian allowed spoken.'"

Rev. Fortney said that he was greatly surprised at the English people's attitude toward Americans. "Americans are treated with perfect contempt in England," said the speaker.

Contempt for Paris in War

"We could hardly get our gold changed into English money. The English people spoke of America's part in the war with utter contempt, and whenever a slight could be passed upon an American it was done. They charged us enormous prices for things that we brought away from there. Oftentimes I wanted to forget I was a preacher and how then how much America could fight."

Throughout France and Belgium there are still signs of ruin and devastation, according to Rev. Fortney. Noisy and Sweden were the countries most praised by Rev. Fortney for their well-dressed women, their clean streets, fine buildings, and air of prosperity and progressiveness. He also visited in Jugoslavia and Czechoslovakia, which he declared to have

RELEASE MATIE ON \$10,000 BAIL

Was Indicted After Shooting Of G. W. Flanagan

Special to The News.

BEAUMONT, Texas, Sept. 23.—Michael Matie, of Port Arthur, charged with killing G. W. Flanagan, was released from the county jail here late Thursday afternoon on \$10,000 bail. The bond was signed by M. Aquilino, Joe Erasmus, C. Matie and Joe Navarro, all of Port Arthur, also C. W. Howth, attorney for Matie of Beaumont.

Carey Batson and two young women were called on to testify in the E. A. McElwain's 60th district court yesterday. Batson, a room-mate of Flanagan testified that Matie and Flanagan were on good terms with each other until Matie accused Flanagan of telling a falsehood to their landlady.

Witnesses were not allowed to talk to each other or to hear evidence in the case. The two young women who were called to the stand verified Batson's account of the shooting.

Water Blisters on Hands or Feet will disappear after a few applications of Imperial Eczema Remedy. All druggists are authorized to refund your money if it fails.—adv.

THRILLS!

Years beyond reaching lands of old Africa elephants make a vast crater their home. Into this crater two modern Americans—one with picture camera, the other with rifle! The Yankees found themselves hemmed in. What a situation! Hundreds of star-struck elephants, a CORDON OF DEATH—NO ESCAPE! ONLY A FIVE-SHOT PEPPER TO STOP THEM! The younger man sets his camera. The hunter waits ready. The largest bull elephant charges his wind and charges. As the plunger into the monster's right eye, piercing the brain. Other shots—wild yelling of natives—racket, wild trumpeting! "Stampede!" A thrill that you can never forget—hundreds of tons of fear-crazed elephants dashing wildly from an UNKNOWN HORROR! Elemental as Niagara, earth-shaking as the avalanche, the Elephants' Stampede is but one of COUNTLESS THRILLS in

Explore Mystery Island For First Time

Map shows route expedition will take. Right is three-masted schooner Illus, men will use.

By MAURICE HENLE
Writer for NEA Service

CLEVELAND, Ohio, Sept. 25.—

"Bouvet"

Mention that word to a hardened

mariner. Watch the life of his eyes

lighten. Watch him grow a shade

whiter.

For "Bouvet," mystery island of the

mysterious South Atlantic ocean, has

lured, so far as is known, all at

tempts at exploration, all efforts of

civilized white men to plumb its

secrets.

On or about the coming Oct. 15, 16

adventurous souls will point the nose

of a three-masted schooner toward

Bouvet, and the myriad of other

nameless isles in the South Atlantic

and Indian oceans, about which folk

know so little.

These men, commanded by George

Finlay Simmons, will leave New Lon-

don, Conn., in the interests of science,

sailing under the colors of the Cleve-

land Museum of Natural History.

They will visit many places, gather

many natural specimens, see strange

signs—but nothing so strange as

imaginations as their contemplated and

determined exploration of Bouvet,

mystery island.

About two years ago Paul Marshall

first conceived the idea of a greater

museum for this city. His idea ex-

panded so rapidly, he now is ready to

undertake a \$100,000 expedition in a

vessel that costs \$35,000 merely to

insure something worthwhile for the

Ohio metropolis.

A new building will be finished by

the time the expedition returns in

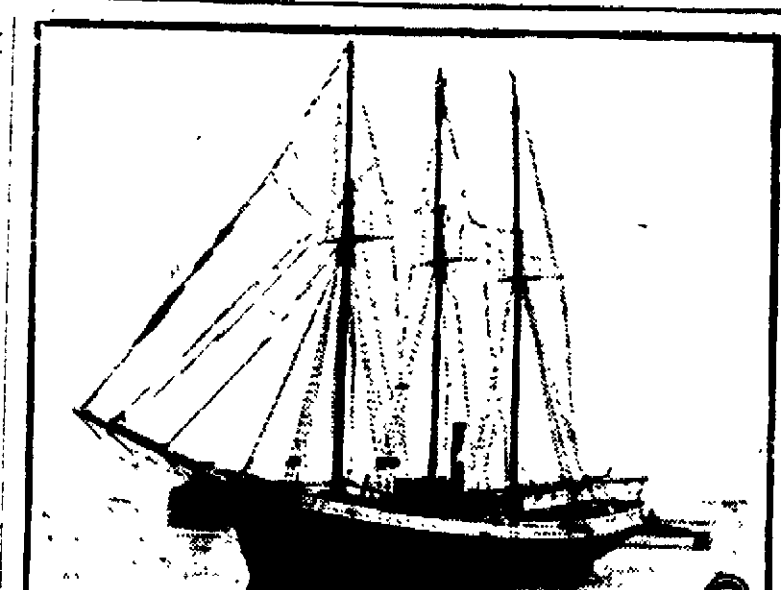

two years. And Cleveland promises

to have an institution rivaling its fa-

mous "competitor"—the Museum of

Natural History of New York City.

What the 16 men will find on Bou-

Map shows route expedition will take. Right is three-masted schooner Illus, men will use.

vet they do not even profess to guess.

Whether they will find it is in itself

a question.

When others approached it, it

seemed to vanish in vapor. And yet,

despite the repeated failure of

mariners to land on Bouvet, seafaring

men are positive such a place exists.

It is about a thousand miles south-

west of Cape of Good Hope. The

legend goes that the Frenchman, for

whom the island is named, and two

others are the only ones ever to lo-

cate it. And it is not certain they

were able to land, for no record of

what they found ever came back to

the world.

It is the question mark of the sea,

fully as mysterious as "Island X,"

the brainchild of a borealist in a re-

cent effort.

Many other islands will be visited,

probably 20 in all—Fernandorona,

Trinidad, the Sandwich group, Ker-

guelen and many more.

In all probability 20,000 miles will

be traveled. That could only be a

guess, though, Commander Simmons

explains. The winter season will be

spent in Africa, with Cape Town as

the base of operations.

In two years the expedition will re-

turn.

And the members aboard, many

scientists from various sections of the

country included, firmly believe they

will have added a new chapter to

science of America.

666 quickly relieves Constipation, Biliousness, Headaches, Colds and LaGrippe.

SUSPECT HELD IN FATAL CLASH

'Latin Lover' Jailed at Marlin, Texas

MARLIN, Texas, Sept. 25.—A

"Latin lover" languished in the Falls

county jail here, becoming the cir-

cumstances that led up to his arrest,

heart's brother.

Secundino Rodriguez is charged

with the murder of Alfonso Perez, as

a result of a cutting affray at a dance

on the Childrens ranch west of Rose-

bud.

"I did not intend to kill him—he

was her brother," Rodriguez is quot-

ed.

The joyous Mexican "bail" was in

full swing. Many had gathered for

an evening of pleasure. After a week

of labor in the cotton field, mingled

with memories of the land that lies

beyond the Rio Grande. Sweet strains

of music lent color to the animated

midst of Spanish.

Secundino danced with Alfonso's

sister. Perez did not like that. He

remonstrated. A clash ensued. The

man, accompanied by a brother-in-law

of the girl, left the house. More

words followed.

A blade flashed and Perez sank to

earth.

Rodriguez was taken into custody a

few hours later and brought to Mar-

lin. Officers have not found the

weapon.

Girls once closed their eyes while

lying. Now they don't even keep

their mouths shut afterward.

No Longer Dread Pimples

No better news could be given people

who suffer the embarrassment and

disappointments these skin dis-

figurations subject them to than the an-

ouncement made by the world's best

known skin specialists, that a few

years after the universal use of Black

and White Ointment, recently per-

fectly will show a positive decline in such

skin diseases as pimples, blotches, ac-

neza rash, tetter, breaking out, etc.

This prediction is already coming

true, judging from the tremendous de-

mand for this Black and White Oint-

ment. It is already selling at the

unprecedented rate of nearly two

million packages a year, and dealers

everywhere are enthusiastically recom-

mending it to their friends and cus-

tomers. It is economically priced, in

liberal packages. The 50c size con-

tains three times as much as the 25c

size—adv.

Pound for Cars Pays Cost Back in San Antonio

SAN ANTONIO, Sept. 25.—San Antonio's automobile pound, since its inauguration on June 19 of this year, lacks one dollar of meeting its cost to the city.

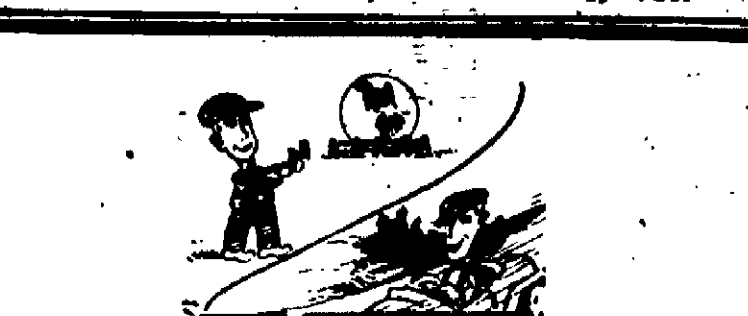

On a monthly average, the receipts total \$438 per month to a cost of \$440. Since June 19, a total of \$530 cars have been impounded, each at a cost of \$2 to the owner to get it out of pound, making a total of \$1,060 in fees. Four policemen are at a salary of \$110 per month and the upkeep of the tow car is estimated at \$30 per month.

KIN TRACKS KILLER THROUGH 5 STATES

CLARKSBURG, W. Va., Sept. 25.—Tracked through five states, Francis A. Creechmore, 28 years old, indicted by a McCreary county (Ky.) grand jury for the murder of a mine superintendent named Proctor on the outskirts of Whitley City, Ky., was arrested while at work at a chemical plant at Zionsville, near here. He was brought to the county jail here. He agreed to return without requisition proceedings.

He was arrested by a local deputy sheriff and William S. Strunk, deputy sheriff of McCreary county, who is a brother-in-law of the prisoner and who had trailed him a long time.

The more you blow the less it counts.

"An Automobile gives you the world for your field, but a Norwalk spare puts the fance around it and makes traveling safe." —says Speed O'Day

We just insist talking about Norwalk Cords and if you were in close touch with their performance like we are you would be a Norwalk booster, too.

The final test is on your car, let's make the test tomorrow.

NEW OPERA IS 'SHE STOPS TO CONQUER'

RAVEN, Baden, Sept. 25.—Percy Colman's new opera "She Stops to Conquer" was successfully produced here a few nights since. The libretto is by Alfred Kalisch, musical critic of the London "Daily News."

The performance, by artists of the Karlsruhe opera, under Herr Alfred Lorenz, was a first rate one, and the composer was called before the curtain at its close.

Frau von Ernst, as Kate Hardcastle, was specially artistic, and Herr Peters, as Tony Lumpkin, scored himself a versatile comedian.

The ensemble was noteworthy. The music, however, by its melodiousness, dramatic fitness and finish, was a love duet in the second act, and the orchestral introductions to each of the three acts are the most pleasing numbers. The work is to be played at Karlsruhe shortly.

ACCIDENT VICTIM STILL UNCONSCIOUS

DALLAS, Texas, Sept. 25.—H. E. Franklin, injured in the automobile Terrell interurban car crash Saturday afternoon, is still unconscious at Baylor hospital. Attendants at the hospital reported a slight improvement in his condition but that the man has never regained consciousness for an instant since admitted to the hospital. Franklin was riding with Hayne Johnson, who was locked up in the city jail upon a complaint charging driving a car while intoxicated.

POLICE DOG STOPS OHIO JAIL-BREAK

YOUNGSTOWN, Ohio, Sept. 25.—Sheriff Paul Lydon's police dog "Pat" is a hero at the county jail today, for he prevented a jail delivery by sinking his teeth in the arm of a prisoner who was overpowering a deputy while the door to the cell tier was open.

Deputy George Callahan had entered the exercise corridor of the jail to lock up the prisoners for the night in their cells. As he opened the door to the corridor one of the prisoners leaped upon him. Todd rushed to the rescue, and as his teeth met in Barrett's arm the prisoner let go his hold on the deputy.

FOR THE KITCHEN

Like a maid kitchen cabinets

The cabinet that is saving many steps in many kitchens. Sanitary, convenient and economical. Has a place for everything. Your kitchen will be much improved by installing a Like-A-Maid Solid white and golden oak, call early tomorrow and ask us to demonstrate for you.

A Dollar Down Will Do

New Perfection Oil Stoves and Ranges

MY THEORY FOR
TEACHING GOLF

FIRST KNOW RULES

By ROBERT CRUCKENBANK

This is the third of a series of 24 articles by Robert Cruckenkank, who became the leading professional of the United States for 1923 by finishing in a tie with Bobby Jones for the National Open title at Inwood.

After touching on my theory of starting from the green and teaching back to the tee and dwelling on the value of learning the golf rules before starting to learn the strokes, I hope my readers are prepared for their first lesson.

No we will begin with the grip, or to be more explicit for the beginner, the proper manner in which to grasp the club.

The grip is exceedingly important. Once the player masters a grip that is comfortable, a most important step has been made in his or her golf education.

The three best known grips are the "palm" or "V" grip, the "interlock" grip or the "claw" grip, and the "claw" grip. All advanced golfers are familiar with these grips. That is what helps to make the game so interesting, the attempt to follow the way the masters play the game.

Personally I prefer the Vardon grip. It is the one most comfortable for me. This also must be the case with many of our leading players, for the Vardon grip is popular among them.

Sketching the Grip. It might be well to run sketchily over the three grips mentioned. The "palm" grip is the old-fashioned method for grasping the club, although particularly valuable in many cases. It is made by placing the club in the left hand so that the forefinger and thumb form a V on top of the shaft. The right hand is then placed on the club close up against the left with the forefinger and thumb making a V on top of the shaft.

I think this grip is especially suited for women players or men who do not possess strong wrists. If its use players who do have strong wrists are assured of better control of the club.

The "interlock" grip, usually used by Gene Sarazen, is a grip in which the hands are interlocked. The "claw" grip, which has a sensational rise in the open golf championship of the United States in 1922, also has its points. It is also favored by Francis Chinnet, the celebrated Boston amateur.

This grip is made by interlocking the first of the left hand with the little finger of the right hand. In this case the thumb of the left hand is outside of the palm of the right. It is the Vardon grip that I will explain more fully, for it is the one I advocate, although my pupils are instructed to use the one that feels the most natural for them.

Vardon Grip. The reason why I favor the Vardon grip is that the club lies more in the fingers, where a firmer touch is always acquired.

Incidentally, that is an important point to dwell upon right here. Just bear in mind that all the while we have been discussing the grips we have been on the green.

Now that we are ready and I have come down to the Vardon grip I will first explain it, and in later articles deal with putting, bringing into the lesson my own theories on the stance.

Then let us get down to the explanation of the Vardon grip, which I will strive to make as clear as possible in print. It is made in this fashion: Lay the club, that is the part of the shaft that is gripped, diagonally across the left hand. That done, close the left hand so that the grip is nearly all in the last three fingers. The first finger and thumb should be on the club, with the club head on the ground so that when addressing the ball the fourth knuckle of the left hand should be visible. However, if this does not feel natural it is not necessary to turn over the hand so far. The thumb lies flat on the shaft.

The Explanation. The way I allow my thumb to lie on the shaft is neither on top nor on the side, but midway between. However, if this does not suit the reader he or she may have the thumb on the top or side, whichever way feels most comfortable.

Lay the right hand on the club so that the fourth finger rests between the first or second finger of the left hand or on top of first finger. Some persons prefer to put two fingers of the right hand over first finger of left. The left thumb should lie in the palm of the right hand, close the hand, so that grip is in the last three fingers. The first finger and thumb rest lightly on the shaft just as the left forefinger and thumb did.

Which grip is adopted, however, see that it is comfortable, for a faulty grip certainly will produce many bad faults.

In my next article I will deal with putting, bringing my own ideas of this detail into the account.

YANKEES CRIPPLED IN
DEFEAT OF RED SOX

BOSTON, Sept. 28.—Two Yankees regulars were out of the lineup here today as the result of injuries sustained yesterday. The Yankees downed the Red Sox 4 to 3 with Bob Meusel and Walke Pipp out of the lineup. Meusel hurt his shoulder sliding in the eighth inning and Pipp strained his ankle getting off a train yesterday morning.

Score by innings:

Club—
New York.....301 000 020—8 10 6
Boston.....000 000 000—3 8 2
Pignas and Behan; Fullerton, Fieley and Pincus.

CHANCE GETS GATE

BOSTON, Sept. 28.—Frank Chance will retire as the manager of the Boston Red Sox at the end of the season, according to announcement last night by Robert Quinn, president of the club.

Lid Ripped Off Grid Sport in America To

Port Arthur Meets Dayton High in Opening Clash On Franklin Field

By TAD JR.

Port Arthur High school's football gets its baptism of fire Saturday afternoon on Franklin Field when the lid is ripped off the local prep school's schedule. The game will be called at 3:30 o'clock.

Despite the fact that many of the members of Coach Leo Smith's squad of this year are as yet unseasoned, a snappy eleven is anticipated by the supporters of the school.

In bringing Dayton for the opening clash against his proteges, Coach Smith is sending them up against stiff competition right off the jump, believing his team able to return a win over their strong opponents. Last year's Dayton High school team is practically intact for this year's campaign and is a somewhat beefy aggregation.

Play for State Title Soon.

For the past six weeks the local preppers have been put through the paces and tricks of the grid sport, starting off at the beginning of the training season with a training camp in ever' thing.

Because of the competition for the district championship closing November 12, the Blue and Gold squad will have a stiff campaign worked out for it, some six games having been scheduled already.

After November 12, the competition for the state title will be started to determine the championship eleven of the Lone Star State.

Save for the fact that he has almost a team of veterans from last year's eleven, little is known here of the Dayton team under Coach Bright, but his team has been in rigid practice

for the game with the local squad.

Since the first call for candidates was sounded Coach Leo Smith has had from three to four full teams out for daily scrimmages and signal practice and will have two full teams in uniform on the sidelines for tomorrow's tilt. It is understood that there is no dearth of material for either the line or backfield positions, with the exception of the fullback job, where but one man has been trying for the place.

"The team looks good," said Coach Leo Smith this morning, "and considering that many of them are playing their first football, I am entirely satisfied with their showing to date, although there are a few minor rough spots which need polishing."

Captain Howard Crow of the Blue and Gold

eleven will lead his charges on the field tomorrow in the following fashion.

At the ends he and Trow will get into action. Tackles, Hyde and Bourg, Guards, E. Butaud, Turner and Marsh and Walker at center will complete the first line defense of the Port Arthur crew.

In the backfield no definite lineup has been given out, but all the candidates may get into action before the game is finished. Those who will be in the backfield pads are Iglesias and Morgan at quarter, W. Butaud at full and Gute, Slicher, Sullivan, Prejean, Hoag and Dattarbee at the halves.

Scores of men have been at work on the Franklin grid and it will present one of the best fields in this section when the game is called tomorrow afternoon.

AIRPLANE RACE
AT SPEEDWAYUnique Program Arranged
For E. T. Air Circus

One of the most spectacular of events has been arranged for the East Texas Speedway Sunday afternoon at 2 o'clock when the Flying Circus will open with a series of stunts, thrillers and races.

Manager U. P. Broussard of the Speedway association announced last night that he was bringing the flying circus here to the tracks from Houston where it has been thrilling thousands of people.

Saturday night the business district of Port Arthur, Orange and Beaumont will be "bombed" from the circus planes with multi-colored star shells, lights and rainbow bombs. This program:

No. 1—Free-for-all airplane race, for any commercial plane up to 150 horsepower. Three laps to Spindle Top and return. First prize, \$100; second prize, \$50.

No. 2—Flying walking stunt by "Chubby" Watson, featuring the "Drop of Death" on a 25-foot rope from the end of a wire.

No. 3—A five-lap race between a Curtis Orlide airplane, and an automobile driven by Roy Huston of Port Arthur.

No. 4—Parachute jump, man to be lifted off the wing of an airplane by the opening of a parachute, and landing in front of the grandstand.

No. 5—Stunt program by "T.M." scout plane, showing all stunts used in aerial battles, to bring down an enemy's plane. H. W. Mackie of Houston will do the piloting.

No. 6—Stunts on the wing of a plane by Mrs. "Chubby" Watson.

No. 7—Overboard jump by "Red" Kelly of New York.

AMERICAN SHIP
WINS AIR CUPTwo American Pilots Finish
One and Two to Briton

COWES, Eng., Sept. 28.—The United States won the Schneider cup, the world's chief naval trophy, here today when an American seaplane covered the course in 72 minutes, 20.45 seconds.

It was the first time the United States has won the cup.

The winning seaplane was piloted by Lieutenant Irwin D. Hittenhouse, U. S. N. There were two American starters, one French and one British.

The British pilot, who was disqualified for leaving the water before crossing the starting line. Later the decision was changed.

He was the winner of last year's race, flying the British Sea Lion Seaplane.

France won the first competition in 1913, but lost to England the following year. There were no races during the war. Italy won in 1920 and 1921.

The official results follow: Hittenhouse, United States, first; Irwin, United States, second; and Baird, Great Britain, third.

TYGERS IN WIN OVER
CLEVELAND INDIANS

DETROIT, Sept. 28.—By winning 5 to 4 from the Cleveland Indians here yesterday afternoon the Tigers advanced a game closer to second place in the American league.

Score by innings:
Cleveland.....102 002 000—4 11 1
Detroit.....000 041 000—5 7 7
Shaute and Myatt and O'Neill; Daus and Bessler.

BRAVES BEAT PHILS
IN OPENER 7 TO 2

PHILADELPHIA, Sept. 28.—The opening game of the series went to Boston here yesterday when they bested the Phils 7 to 2.

Score by innings:
Boston.....000 051 100—7 12 1
Philadelphia.....000 002 000—2 11 0
Conney and E. Smith; King, Head, Bishop and Wilson.

MAN KILLED WHEN
STRUCK BY AN AUTO

PARIS, Texas, Sept. 28.—J. E. Carter, about 55 years old, employee of a road construction crew, was struck and killed by an auto, the machine jamming Carter against a concrete mixer, breaking his left leg, fracturing his skull and tearing a hole in his abdomen.

The accident happened about 10 miles west of the city. The body was brought to this city.

FOOTBALL TEAMS OF NATION SWING INTO ACTION

By HENRY L. FARRER.

United Press Staff Correspondent.

NEW YORK, Sept. 28.—Interesting and unusual games feature the 1934 football schedule which gets its general introduction for the season tomorrow night.

No aim on the regular schedule promises to be of more national interest than the post season contest announced between the Navy eleven and to the color and spectacle of the classic but will represent the best football of New Year's Day.

In arranging this game, the California committee was fortunate in getting a team to represent the east that will be generally accepted here as a representative team. The navy will provide an eleven that will not only add to the color and spectacle of the classic but will represent the best football of the east.

The Midshipmen, although they lost to the West Point cadets last fall and a fine team and they should have a powerful one this year. It is possible, with their schedule to establish a claim as good as that of any other eastern eleven for the championship of this section.

The Navy plays Penn State, Princeton, Colgate, the Army and St. Xavier's from the midwest, Princeton and the Army both play Notre

FOOTBALL GETS UNDER
WAY IN U.S. SATURDAY

TO OPERATE ON
JACK DEMPSEYChampion to Rest Up Then
Take Flyer in Movies

LOS ANGELES, Sept. 28.—With a minor ailment that he called "more aggravating than serious," Jack Dempsey is getting ready at his home for a minor surgical operation.

"I'm not feeling well and I'm going to see if a little operation won't help," he said.

Dempsey said he was not in shape and his friends here remarked that he wasn't looking well and was very drawn around the face.

The champion has decided to spend the winter here and will take only a few short trips "on the side."

"As soon as I get doctoring up, I am going to take a flyer at a couple of movies," Dempsey said.

FOUR PROS LEFT IN
PLAY FOR AMERICAN
GOLF CHAMP TITLE

PELIHAM COUNTRY CLUB, PELHAM, N. Y., Sept. 28.—Four survivors of the field that started Monday before this championship of the professional golfers association will meet here today in the semi-final round.

Gene Sarazen, the young defending champion will play Bobby Cruikshank, the little Scot runner-up in the opening championship and Walter Hagen will take on George Melean.

In the east Pennsylvania opens the season with Franklin and Marshall; Pittsburgh plays Bucknell; Penn State meets Lebanon Valley; Washington and Jefferson goes against Bethany and the Navy plays William and Mary.

In the midwest Iowa has an interesting game with the Oklahoma Aggies; Chicago plays the Michigan Aggies, and Notre Dame starts the season with Kalamazoo.

Georgia Tech gets under way with Oglethorpe and California plays St. Mary's.

GIANTS-ROBINS
TO CLASH TODAYNew York Has Chance to
Grab National L. Honors

NEW YORK, Sept. 28.—Needling but one victory to attain the "mathematical certainty" the New York Giants will have their first chance to clinch the National League pennant when they face the Brooklyn Robins here this afternoon.

If the Giants win this afternoon and lose the remaining four games on their schedule, they will finish a half game ahead of Cincinnati even if the Reds should win a pair of games each with the Cardinals and the Pirates that remains on their schedule.

LAMPASAS TO OPEN MARKETS EXCHANGE
BURNET, Texas, Sept. 28.—The importance of Lampasas as a cotton market has been given recognition in an announcement by J. E. Haire, that he expects to open a cotton exchange across the street from the H. & T. C. station.

RAIL CLASSES STAY
WHILE THEY PAY

BERLIN, Sept. 28.—They appeals are made from time to time in the press for the abolition of the class distinctions on German railroads, but nothing ever is done.

There are financial reasons for maintaining the first, second, third and fourth class coaches. Pride compels many persons to pay the higher first-class rates, and thus swells the badly depleted budget of the railroads.

RATTLESNAKE BITE
KILLS GIRL OF FOUR

MODESTO, Cal., Sept. 28.—Virginia Dye, 4, daughter of Mr. and Mrs. Samuel Dye, died in an Oakdale hospital, near here, the result of a rattlesnake bite. The child was attacked by a large reptile with nine rattlers.

ORANGE BALL NINE TO
MAGNOLIA LOOP TEAM

Special to The News.
ORANGE, Texas, Sept. 28.—The Orange Diamonds will officially close the season here Sunday when they clash with the Bollermakers, pennant winners of the Magnolia Refinery League in a double header. Odds will occupy the mound for the Diamonds, while the Bollermakers will probably use Dick Humphries, whose work this year helped win them the pennant. One of the largest crowds of the season is expected to witness the games.

Count to a hundred before fighting or you are liable to count to a hundred stars after fighting.

CUBS TAKE PIRATES
INTO CAMP, 3 TO 2

Sister Mary's Kitchen

Pumpkin Pie

"When the frost is on the pumpkin" most men-folk begin to think it's time for pumpkin pie. And most of these men, who know nothing whatever about the baking of these pies, have very definite ideas on the subject. They agree that the pie should be "thick," meaning an inch and a half deep, that they should be creaming and smooth and not too stiff, but by no means "rusty." And then they disagree when it comes to seasoning. Some like them dark with spice and others say "No mixture of strong spices in my pumpkin pie."

So for the benefit of the woman who "strives to please" these recipes are offered.

Yampee Pumpkin Pie

Cut pumpkin in narrow slices, remove seeds and pulp. Cut in dice, put in a kettle and stew, covered, until tender. Enough water to prevent burning must be added to the pumpkin. An iron kettle is best to stew pumpkin in because the pumpkin often is choked and acquires a scorching color without burning or scorching. It takes almost a day really to "stew" a pumpkin. Add through a colander or put through potato ricer.

One cup of sifted pumpkin, 1 egg, 2 cups milk, 2-3 cup sugar, 1 scant teaspoon ginger, 1-2 teaspoon salt, rich pastry.

Line a deep pie pan with a rich pie crust. Beat egg slightly. Mix sugar, salt and ginger and beat into egg. Add pumpkin and mix well. Stir in milk. Blend perfectly and pour into the pie shell. Put into hot oven to bake the crust quickly. Remove from oven and bake until firm to the touch. This rule is for an eight inch pie pan. If a larger size is used add more milk and sugar, salt and ginger. If three pies are needed, 2 eggs, 2 1-2 cups pumpkin, 2 cups sugar, and milk to fill the pie pans is a good rule. One tablespoon ginger should be mixed with the sugar. If spices are desired add them to taste.

Puffy Pumpkin Pie

One cup sifted pumpkin, 2-3 cup sugar, 2 eggs, 1 1-2 cups milk, 1-2 cup cream, 1 teaspoon ginger, 1-2 teaspoon cinnamon, 1-4 teaspoon of cloves, 1-2 teaspoon salt, pastry. Beat yolks of eggs with sugar, salt and spices. Add pumpkin and milk and cream and mix thoroughly. Beat whites of eggs until stiff and dry and fold in mixture. Turn into a deep pie pan lined with rich pastry and bake in a hot oven at first and then slow oven to prevent the crust from watering.

Pie With Meringue

One cup sifted meringue, 2-3 cup sugar, 3 eggs, 2 cups milk, 1-2 teaspoon ginger, 1 teaspoon cinnamon, 1-2 teaspoon salt, 2 tablespoons powdered sugar, baked pie shell. Beat yolks of three eggs and whites of two with sugar until light. Add pumpkin, milk, spices and salt and cook over a slow fire until thick and smooth. Turn into baked pie shell. Beat white of egg until stiff and dry. Beat in sugar and spread over pumpkin mixture. Bake eight minutes in a moderate oven to set and color the meringue.

The last two recipes are sort of special company pies.

BURNETT WOMAN'S LEG IS BROKEN BY JUMP

BURNETT, Texas, Sept. 25.—Mrs. Will Smith, who lives on the Nix road, sustained a broken leg in leaping from a horse. Mrs. Smith was riding a pony that had been trained to handle cattle.

Close Matches Seen In Staging Tourney At Fort Worth Club

FORT WORTH, Sept. 25.—With fair weather promised today, the Rivercrest club's invitation tournament is scheduled to get off in the third round. Close matches are expected.

The first upset of the tourney came yesterday with the defeat of Ossie Hartman, state champion, by Fred M. School of Glen Garden, 2 up 1. Other rounds of the tournament as the consolation and second flights are to be started tomorrow.

400 IOWA BONUS PAYMENTS DAILY

DES MOINES, Iowa, Sept. 25.—Payments of the Iowa bonus continue at the rate of about 300 to 400 a day and 20 or 30 applications continue to be received daily by the bonus board, according to Lou E. Morgan, executive secretary. The total number of claims received up to early this week was 102,707. The bonus board meets regularly to give former soldiers opportunity to present their claims in cases where question has arisen. Most of the 25,000 claims held up have been temporarily suspended for additional information or to correct technical errors.

RIO GRANDE VALLEY STOCK TO BE ISSUED

AUSTIN, Texas, Sept. 25.—The Rio Grande Valley Railway company has been granted authority by the state railroad commission to issue \$110,000 of preferred stock of which \$25,000 will be used in refunding second mortgage bonds. The remainder will be used for improvement to property. These improvements are being made in order to transform the road into a standard gauge line. It is 23 miles in length, running from Brownsville to Point Isabel.

SIX ATTEND REUNION OF TERRY'S RANGERS

AUSTIN, Texas, Sept. 25.—Six gray-haired men, the last remnant of a prominent unit of Civil war veterans, composed the group which met here today for the fifty-third annual reunion of Terry's rangers. A large crowd interested in the organization attended the opening session. State Comptroller Lou A. Smith and Major George McGee of Austin, president of the rangers, were the principal speakers.

STOLEN TEXAS AUTO RECOVERED IN N. M.

TAHOCA, Texas, Sept. 25.—Mrs. F. L. Hedwaine, whose sedan was stolen from her garage last week, has received a message from her husband, who left the next morning on the trail of the thieves, that the car had been found at Lake Arthur, New Mexico, in an old barn. The runaway car was in excellent condition but the body had been cut off and partly burned.

No matter how great a range a singer may have it never sounds as sweet as the Ethen range.

STOKES PLOTTER SEEKS SUICIDE

Attempts Leap When Witness Tells of Bribe Attempt

CHICAGO, Sept. 25.—Robert H. Lee, former district sheriff, identified with the plot to assassinate the late Mrs. Helen Flood Stokes, wife of the New York millionaire, today tried to leap from the window of the office of the state's attorney on the sixth floor of the county building.

Detective Murphy, who was guarding Lee and another witness, grabbed the leaper and dragged him from the window sill.

"I want to end it all," Murphy said Lee told him.

The suicide attempt followed testimony of R. F. Fies that Lee offered him \$100 and expenses if he would testify that Mrs. Stokes was friendly with a certain negro.

Fies told First Assistant State Attorney Wharton that he refused the offer. Wharton then summoned Lee and confronted him with Fies. A few minutes later, Lee tried to leap from the window, according to Murphy.

FARMERS TO TEST

LOW COST EXPLOSIVE

LANSING, Mich., Sept. 25.—The Michigan Agricultural college has arranged for an allotment of a new war salvage explosive for Michigan distribution. It is the claim of L. F. Livingston, the college head clearing specialist, that the new explosive which is known as sodalite, will enable farmers to clear land at much lower cost than with picric acid.

The new material is made from left-over war salvage explosives.

The cost will be less than 2 cents a pound, including detonating caps, which is said to be about one-half the price of war salvage explosives heretofore used.

LOW RATE OFFERED TO STATE EXPOSITION

AUSTIN, Texas, Sept. 25.—Officials of the Southern Pacific, L. G. N. and M. K. T. railroads have granted a special excursion rate to the Texas State exposition at Austin on Saturday, Oct. 8, the last day of the fair here. The rate on that day will be only three-fourths of the usual one-way fare for the entire round trip ticket, or less than one-half of the usual fare.

babies thrive on it

When mother's milk gives out or when the weaning period comes, babies flourish on Carnation. For Carnation has the safety factor of being pure milk—hermetically sealed and sterilized.

Carnation is just whole cows' milk, with about 60% of the natural water content removed by evaporation.

We are glad to send to every mother the Carnation Infant Feeding Chart planned by a leading baby specialist, outlining the diet of the average baby from birth to one year old. Write for it.

Oysters—Stewed and Baked

Although oysters are high in price there is little waste. No for the money invested the amount of nourishment is great.

Care should be taken in cooking oysters that they are not overcooked. Nor should they be subjected to too high a temperature during cooking. Oysters are a protein food and their digestibility depends much on the care used in cooking them. If they are overcooked or too quickly cooked they become tough, leathery and hard to digest.

Raw oysters may be served to invalids, and steamed or baked oysters and plain oyster stew are easily digested.

"Made" dishes of oysters are more difficult to digest because of the "makings," the oysters themselves being practically steamed or baked in the other ingredients.

Baked Oysters
If possible choose oysters in the shell. Wash shells and place in dripping pan. Bake in a hot oven until the shells part. Force open, sprinkle with salt and pepper and serve on shell.

If oysters in the shell are not procurable try the following:
One pint oysters, small ovals of toast, a little larger than the oysters, 4 tablespoons butter, 2 tablespoons lemon juice, 1-8 teaspoon nutmeg, 1-2 teaspoon salt, paprika.

Clean and drain oysters. The bread should be toasted on one side only. Place bread in dripping pan, toasted side up. There should be a piece of toast for each oyster. Put oysters on toast, sprinkle with salt and pepper and bake until oysters are plump. The oven should be moderately hot. Cream butter, slowly beat in salt, nutmeg and lemon juice. Spread over oysters while hot and serve at once.

Oyster Stew
One pint of oysters, 1 cup hot milk, 2 tablespoons butter, 1-8 teaspoon pepper, 1 teaspoon salt.

Pour 1-2 cup water over oysters and drain in colander. Strain liquor through cheesecloth and bring to the boiling point. Look over oysters and add to hot liquor. Reduce heat and let stew stand at the boiling point until oysters plump and edges curl. Skim oysters into hot milk, add butter, salt and pepper. Let oyster liquor boil two minutes and strain into milk. Serve very hot.

One pint oysters, 2 cups water, 2

Cream of Oyster Soup

1 cup milk, 2 tablespoons butter, 1 teaspoon salt, 1 tablespoon flour, 1 teaspoon minced onion, 2 blades of celery with leaves, 1 teaspoon salt, 1-8 teaspoon nutmeg, paprika, whipping cream.

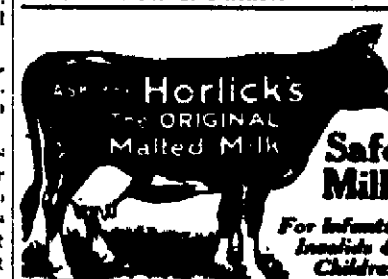

Pour water over oysters. Add onion and celery to liquor. Simmer for 15 minutes and strain through cheesecloth. Chop oysters very fine and add to broth. Simmer 20 minutes. Melt butter, stir in flour and slowly add milk, stirring constantly. When mixture reaches the boiling point add salt and nutmeg and stir into oyster broth. Bring to the boiling point and serve with whipped cream on top of each cup. Sprinkle with paprika.

This soup is richer than the stew and is of a creamy consistency.

Laddie Boy's Nephew Is Given to Coolidge

WASHINGTON, Sept. 25.—Laddie Buck, pet dog of the late President Harding, arrived at the White House today to report to his new master, the president of the United States. Little Laddie Buck was "shot" by the small army of photographers that instantly report the comings and goings of other celebrities to and from the executive mansion. He did not seem to like the performance.

Laddie Buck was presented to the president by Miss Margaret Calhoun of Atlanta, Ga., a great grand daughter of John C. Calhoun. He was brought to the White House today by Colonel M. C. Buckner.

Father Requests Writ To Halt Son's Wedding

CHICAGO, Sept. 25.—James Hanson, prominent greengrocer of this city, has applied for an injunction in county court asking that County Clerk Paulsen be prevented from issuing a marriage license to Stephen Hanson, 23, his son, who was to have been married to Lillian Krudson, 21. Mr. Hanson alleges his son is a spendthrift and that he is unable to support a wife. He also points out that Miss Krudson is the oldest of a family of eight children and that their widowed mother is in need of the girl's help.

Woman Bandit Holds Up, Robs Driver of Taxi

CHICAGO, Sept. 25.—A woman bandit fashionably attired, and armed with a revolver, held up Earl Schriemp, a taxicab chauffeur, early today after he had driven her to various cabarets here.

Schriemp said the woman was about 21 years old, a brunette and that she conducted the holdup with the utmost coolness.

"She covered me with the weapon and took \$4.50 from my pockets, placing it in one of her stockings," the driver said.

"She laughed as she walked away and said: 'Don't tell the birds about this, will you?'"

Detectives were assigned to investigate Schriemp's story.

Delightful Meat

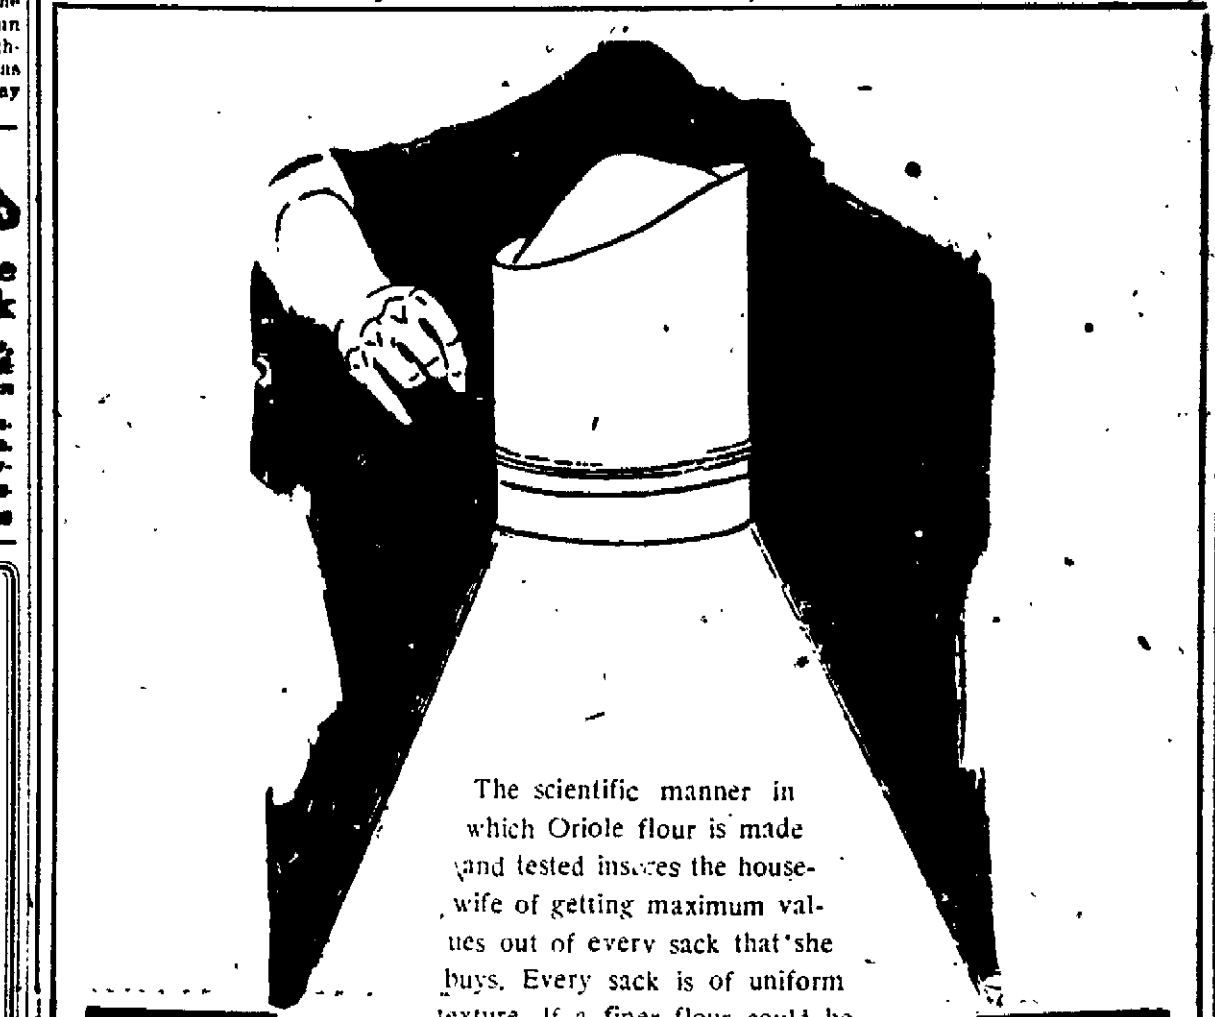

Nothing can do more to make you mar the meat than the meat. You should buy daily fresh, good quality meat. That is the only way we handle.

Wanted—Your Want Ad in The Want Column

The scientific manner in which Oriole flour is made and tested insures the housewife of getting maximum values out of every sack that she buys. Every sack is of uniform texture. If a finer flour could be produced, the chemists who have worked out Oriole would have discovered it long before now. You can rest assured when you buy Oriole.

The flour which goes into the make up of Oriole flour is selected from the very best whole wheat. None of the inferior kinds of wheat are put into its manufacture. Wheat from the golden wheat fields is the only kind from which Oriole is made.

Oriole flour is made in one of the most sanitary grain plants in the south. Nothing has been spared to make this flour superior in every way to the ordinary kind. Cleanliness is foremost in the minds of every person who has anything to do with Oriole flour before it reaches your kitchen. A trial sack will prove our contention.

No matter what kind of baking you do Oriole flour will meet your every requirement. For bread, cakes, biscuits, or any other it is the best all round flour you can buy today. Order a sack today—Your grocer has it.
